Energy Resource Recovery Account (ERRA)
Over-Collection through a Reduction to Electric
Commodity Rates.

Application 05-06-044
(Filed June 29, 2005)

**ADMINISTRATIVE LAW JUDGE'S RULING
REQUEST FOR INFORMATION**

In its January 11, 2006 petition for modification (p. 4), L. Robinsons – May/Meir and Frank (Petitioner) states that in Decision (D.) 04-09-004 issued September 4, 2004, the Commission recognized that Direct Access customers of Southern California Edison Company (Edison) who had formerly been bundled customers and who had contributed as bundled customers to recovery of Edison's Historical Procurement Costs (HPC) were entitled to a credit against the amount owed, as Direct Access customers, toward repayment of Edison's HPC, equal to the amount they contributed towards HPC recovery as bundled customers. Petitioner is essentially requesting the same treatment.

Therefore, **IT IS RULED** that San Diego & Electric Company shall:

- (1) Explain why it is not feasible to provide refunds in this instance, the same as Southern California Edison Company provided;
- (2) State approximately how many customers would be involved and the period of time covered; and
- (3) Provide this information no later than Wednesday, March 15, 2006.

Upon receipt of this information, this matter shall be submitted for decision on Friday, March 24, 2006, unless evidentiary hearing is requested.

Dated March 1, 2006, at San Francisco, California.
